Department: CIS

Top 5 list

1. Toyota
2. Tesla
3. Volkswagen
4. Ford Motor Company
5. BMW

Toyota

The background of the slide features a close-up, low-angle shot of a red sports car's front wheel. The wheel has a multi-spoke alloy design. The car's body is a vibrant red, and the ground appears to be paved with cobblestones. In the bottom right corner, there is a small, semi-transparent icon of a wheel with a five-spoke hubcap.

Toyota is one of the largest automobile manufacturers in the world, producing about 10 million vehicles per year. *Toyota is widely known for their successful production of most vehicles in the world too.* Along with durability, Toyota vehicles are known for having impressive resale value.

Tesla

Tesla designs and manufactures electric cars, battery energy storage from home to grid-scale, solar panels and solar roof tiles, and related products and services. To be more specific, Tesla produce electronic cars which is the future.

Volkswagen

The background of the slide is a close-up, slightly blurred image of a red car's front wheel and tire. The wheel has a multi-spoke alloy design. The car is parked on a paved surface, possibly cobblestones. The overall image has a dark, semi-transparent overlay to make the text stand out.

Volkswagen is a German motor vehicle manufacturer.

The reasons why many choose Volkswagen, among other things include: Good starting price, Low maintenance costs, Excellent fuel efficiency. Volkswagen Group was the largest car maker by worldwide sales in 2016 and 2017.

Ford

Ford Motor Company is an American multinational automobile manufacturer. When it comes to vehicles such as SUVs and pickup trucks, it's no debate that Ford is at the top and will always be the best.

BMW

"Bayerische Motoren Werke" is better known as BMW, is an automobile company originated in Germany. BMW makes it a point to create vehicles that are beautifully designed. The inside is just as high-quality as the outside, with comfortable high-end leather seats.

THANK YOU
